

Tableau Project - Top 25 Films by Profitability

- ❖ This is My Tableau account link:

https://public.tableau.com/app/profile/nethmi.rajapaksha/viz/TopFilmsbyProfitability_16508196423980/Dashboard12?publish=yes

- ❖ Here I have created a Tableau Dashboard to show top films based on profitability using this data set. I have created a dual axis chart(dual axis combo chart) with different mark types.
- ❖ The end user can able to change how many films are showing in the view.
- ❖ I have Published this work to Tableau public and share the link as above.
